

## Safer East Sussex Team Communication Avenues

Our team are keen to ensure the messages of our work reach those who it impacts, and as such we have numerous ways for people to remain up to date:

For those who want an up to date overview of our work then we recommend signing up to our [fortnightly e-bulletin](#). Not only does this provide a snapshot of some of the work different team members have been doing, it also allows partners to get involved with specific pieces of work.

Our monthly newsletters feature an in depth focus on one of our priority areas, looking at initiatives across the districts and boroughs that are addressing community safety concerns. If you would like to be added to the distribution list, or if you have an article you would like considered for inclusion you can email: [safercommunities@eastsussex.gov.uk](mailto:safercommunities@eastsussex.gov.uk)

Our website: [www.safeineastsussex.org.uk](http://www.safeineastsussex.org.uk) has recently been updated and as well as making it clearer to see what our priorities are and how we plan to address them, we are developing ways of ensuring the community can have their say on what's important for them in relation to community safety priorities.

There is also a wealth of information for professionals, particularly around preventing violent extremism and the MARAC process.

[Follow us](#) on twitter. Our account continues to grow- we are now approaching 1000 followers. We use this to highlighting specific awareness campaigns, community safety related news items as well as promoting local events.

[Like us](#) on Facebook. Our page is new and we are looking at using this to engage with the younger audience around community safety issues. We have posted links to clips relating to new psychoactive substances, child sexual exploitation and are keen to develop this further.
